MALVERN HILLS COMMUNITIES FESTIVAL

Celebrating our sustainable future now!

Transition Malvern Hills, Malvern Hills Repair Café and Malvern Cube are working together to organise the first

GREEN FESTIVAL in MALVERN

the Malvern Hills Communities Festival on
21st September, 10am to 4pm.

MALVERN CUBE

We are inviting a speaker from The Centre for Alternative Technology (CAT), Machynlleth, Powys SY20 9AZ, to talk about practical ways towards Sustainable Living, with information on the newly revised ZERO CARBON BRITAIN research, a project on how future energy demand could be 'powered down' so that it could met by renewable energy.

We would welcome more volunteers to join us on the organising committee as we want to ensure that this will be an event that Malvern will remember!

If you could spare some time to get involved, please call 01684 892581 or email mhcommunitiesfair@gmail.com.

The aim of this one day family event is to raise awareness of and celebrate local environmental initiatives, particularly the efforts of those individuals, voluntary groups and businesses who are contributing to the sustainability of the Malvern Hills communities.

There will be stalls and local professionals that can offer advice on all areas of sustainable living, from permaculture to solar panels, with food being provided by the in house vegetarian cafe 'Vegetopia'.

There will be something for all the family, with children's activities and workshops running throughout the day to make this a positive community event.
